Snowflake SnowPro Associate Certified Developer and incoming Computer Science student at Stevens Institute of Technology. Experience building data platforms, presenting technical concepts, and leading coding communities. Interested in the intersection of cloud data technology, sales engineering, and customer engagement.

Education

Stevens Institute of Technology, Hoboken, NJ, B.S. Candidate in Computer Science, AI, Class of 2030

South Plantation High School, Plantation, FL, *Environmental Science Magnet Program*, Graduating June 2026

Technical Skills

Languages: Python, SQL, Java, JavaScript, HTML

Cloud & Data Platforms: Snowflake, Linux

Tools: GitHub, Jupyter Notebook, Lovable, Cursor, Cortex Code CLI, Claude Code

Focus Areas: AI, Data Engineering, Cloud Data Platforms, Software Sales, Public Speaking

Honors & Certifications

- **Snowflake SnowPro Associate: Platform Certification (2025)**, Recognized by Snowflake as one of the youngest certified globally.
- **CompTIA Tech+ Certification (2025)**
- **Python Industry Certification (Certiport, 2023)** – Advanced programming and debugging.
- **Device Configuration & Management Certification (Certiport, 2024)** – System setup and networking.
- **Cambridge AICE Diploma Candidate** (Expected 2026)

Projects & Leadership

- **Founder & Leader**, [South Vibe Coding Club](#) (2025–Present)
 - Recruited and onboarded 30+ students through targeted outreach and demo in using AI-assisted coding tools to design websites, games, and apps.
- **Developer**, [WaterQualityFL.com](#) (2026–Present) Platform for the South Florida Water Quality Project.
 - Built and deployed a public-facing platform tracking South Florida water quality using Snowflake
 - Designed data dashboards and analytics workflows to visualize environmental datasets for public stakeholders
- **Presenter**, *Miami Snowflake User Group meetup*, "[Getting Started with Managed Snowflake MCP Server and Cursor AI](#)".
 - Presented to 20+ professionals at Miami Snowflake User Group on MCP Server integration, one of the youngest speakers in the group's history.
- **Intern**, NovoCPA (Summer 2025)
 - Assisted with organizing client financial data and supporting reporting workflows, gaining exposure to how businesses manage and analyze structured financial information
- **Participant**, *Mark Cuban Foundation AI Bootcamp* (2023, 2024).
 - Developed AI projects focused on ethical innovation, how to identify AI in filmmaking.
- **Environmental Science Magnet High School Student** (2024–Present) Working on a thesis about Florida water quality deterioration for environmental awareness.
- **Volunteer**, *Broward County Waterway Cleanup* (2021–Present). Cleaned canals and coastal areas while promoting environmental sustainability and public awareness.
- **Taekwondo**, *Karate America* (2017–Present) Second-degree black belt, regional champion.
 - Developed discipline, perseverance, and leadership as a youth mentor.

Foreign Languages

Fluent in Russian, Beginner in Spanish
